WEDDINGS

At Royal Botanic Garden Sydney, nature's beauty and unforgettable moments unite in one of the city's most iconic settings.

Set against the backdrop of Sydney Harbour and the city skyline, Royal Botanic Garden Sydney (Garden) offers a range of unique spaces — from heritage pavilions and open lawns to seasonal flower beds and shaded groves. It's a versatile canvas for weddings of all styles and sizes, with each location offering its own character and charm.

Whether you're drawn to the glow of a sunset over the water, the calm of a rainforest walk, or the romance of a garden in full bloom, the Garden offers a backdrop that shifts beautifully with the seasons. When you host your day here, you're also supporting critical work in plant conservation, horticulture and environmental science — helping to protect and preserve this extraordinary place for generations to come.

We look forward to helping you create lasting memories, inspired by the natural beauty that surrounds you and the love that brings you here.

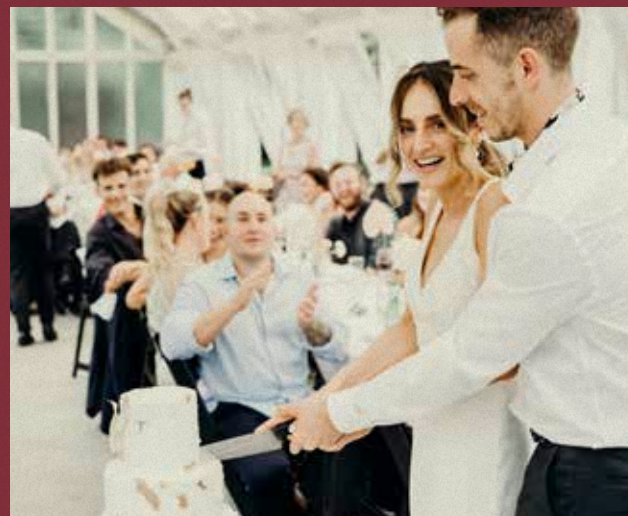

A bride in a white dress and veil is walking away from the camera down a dirt path in a lush garden. She is holding a bouquet of flowers. The path is flanked by dense greenery, including tall grasses, red-leafed plants, and various shrubs. Sunlight filters through the trees, creating a dappled light effect. The overall scene is romantic and natural.
