

A photograph showing children's hands and arms as they interact with various objects on a large, dark, textured tree stump. One child is holding a green cup, another is using a small metal tray filled with dried leaves and twigs. A large green bucket and a purple tray are also visible. The background shows a brown fabric with white leaf patterns.

Botanic Gardens of Sydney: A Child Safe Organisation

At Botanic Gardens of Sydney, we provide quality, curriculum-linked learning experiences for children of all ages.

We ensure our organisation is safe for children in the following ways:

We operate under the NSW Department of Planning, Housing and Infrastructure's Child Safe Workplace Policy.

All of our Education Officers who deliver education programs have verified Working With Children Checks.

Staff and volunteers who come into contact with children through their work participate in regular Child Safety training.

We ensure that children are always under the supervision of teachers or family members during education programs.

We have reviewed our procedures and practices against the Office of the Children's Guardian's Child Safe Standards.
